Tel No: +16692646714

With the success achieved in marketing the basic two products, in imports, over the last two years we have ventured into marketing Iranian Pistachios, Dried Figs, Dried Apricots, and roasted Chick Peas. Currently we are adding Hazelnuts and Walnuts. In this short span, we have become the leading player in this sector. Almost all Dried Button Figs in the Malaysian Market come from GOLDEN VILLAGE. We have displaced Dried Apricots from Turkey and are the leading supplier to the Malaysian Dried Apricot market. In Pistachios, having our own roasting facilities has enabled us to become a substantial player as a roaster and supplier of Iranian Pistachios.

In the short span of approximately four years, GOLDEN VILLAGE extensive market research, strategic planning, and effective sales/customer service oriented approach resulted in penetration into this highly competitive market. Lemar is proud to have %45 of the market share today, with a projected growth of %7-6 per year for the next five years.

Since 1998 GOLDEN VILLAGE has expanded its marketing to cover other countries in ASEAN regent.

This will be our main marketing trust for coming years, to become the major supplier for the ASEAN.

# Date

Goldenvillage Dried dates are well known for being amongst the most flavorful on the market today. The dates are carefully monitored and checked to ensure that only the best are allowed to bear the Eitimpex name. We pride ourselves on offering a wide variety of dried dates to suit any taste. Mazafati, Mariami, Piarom, Shakhani, Rabbi, Kabkab, Zahdi are without equal. Treat yourself to the finest dates from the Middle East and see why people call them Nature's Candy.

 Help to relief sore throat, cough & removing phlegm  
 Strengthens Immune system  
 Prevents cancer  
 Protect from Sunlight and Moisture

## Cider Vinegar

**Balsamic vinegar**  
**Mulberry vinegar**

## Raisin

The production of raisins is an art that is past down through the generations. The process begins by selecting only the finest quality grapes. The grapes are then sun dried and cared for as they evolve into raisins. If not done properly, the final product will be of very low quality. What differentiates Eitimpex raisins from others is the care that goes into ensuring that each raisin be full of flavor and nutrients. We want only the best to be on your table. Golden Village Raisins come in two distinct varieties. The Table raisins are meant for eating individually. They have a more robust flavor and are an excellent source of vitamins and nutrients.

Along with Table raisins, Golden Village offers Industrial raisins which are used for cooking or baking. These are perfect for creating items such as Apple Raisin Bread or Raisin Cheesecake. see also Figs Recipes...

**Golden Raisin**

# Pickles

Golden Village Pickles are the perfect item for adding that special flavor to any meal. We offer a wide range of pickles, including OLIVES and CUCUMBER. Our pickles are process slowly over time to lock in that extra taste. Our fruits are grown fresh and processed with extreme care to ensure that no flavor is lost. No two pickles are the same and we are sure that you will agree that Golden Village Pickles are without compare.

Pickled

(*Cucumis sativus*), creeping plant of the Cucurbitaceae family, probably originating in northern India and widely cultivated for its fruit. It is a tender annual with a rough, succulent, trailing stem and hairy leaves with three to five pointed lobes; the stem bears branched tendrils by which the plant can be trained to supports. In northern Europe the cucumber is extensively grown in frames or on trellises in greenhouses; in the milder climate of the United States it is cultivated as a field crop and in home gardens.
